Box integration to SAP

① Multiple support docs for Biz. Objects in SAP

② Attachment Size limitations and cost restrictions in SAP

③ Audit and Traceability issues

④ Access to non SAP Users

No standard/Direct interfacing provided for SAP Netweaver on-premise to BOX

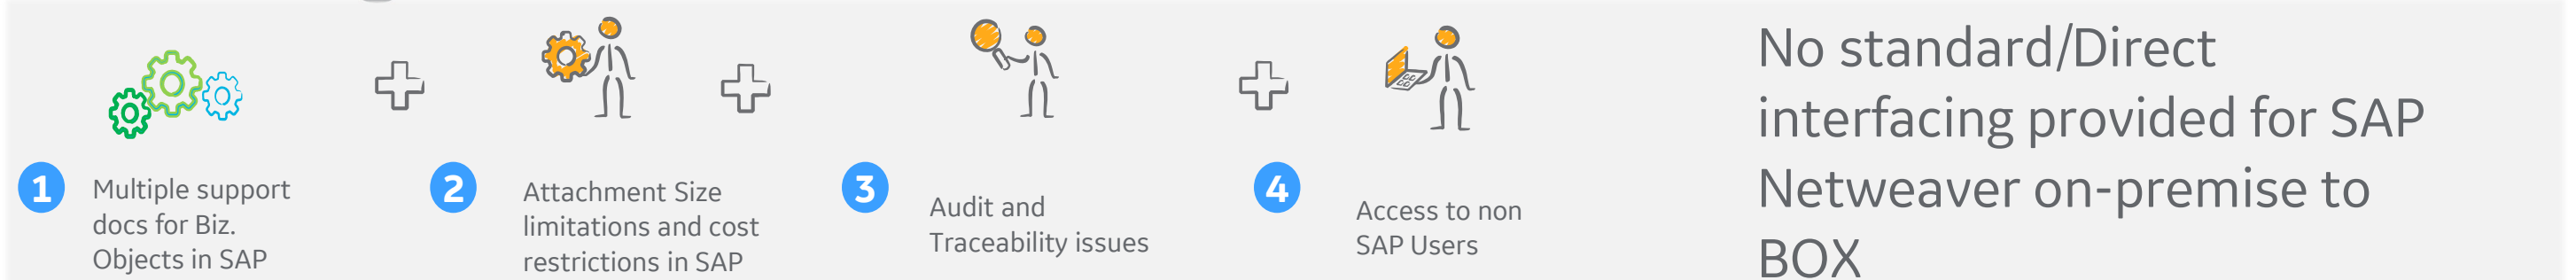

Key wins

Box is free for all within GE , users get unlimited storage and minimal document type restrictions

Minimal touch points and seamless document storage into BOX from SAP

Meta data / custom field search capability

Eliminates need for other content servers -> Lower TCO
